OBJECTIVE

Aspiring ReactJS Developer with a strong foundation in JavaScript, React, and front-end development technologies, seeking internship opportunities to contribute to innovative web applications. Passionate about problem-solving and learning in dynamic work environments.

EDUCATION

Bachelor in Information Management

Jan 2021 – Present

Prime College, Kathmandu

SKILLS

Technical Skills

-  Front-end: HTML, CSS, Tailwind, JavaScript, React
-  Back-end: PHP, Nodejs, Express
-  Databases: MySQL, MongoDB
-  Others: Java, Python, GSAP, Git, GitHub

PROJECTS

[\[Link\]](#) World Atlas App

- Developed a World Atlas application using React, HTML, and CSS, leveraging an API for dynamic data retrieval.
- Provided detailed information about countries with features for search, filtering, and sorting in ascending and descending order.
- Ensured a responsive and user-friendly interface for seamless interaction.

[\[Link\]](#) Confession Note App

- Developed a Confession Note application using React, HTML, CSS, and Firebase.
- Implemented features to add, delete, and update confessions dynamically.
- Focused on real-time database functionality and a responsive user interface.

[\[Link\]](#) E-commerce Website

- Developed an e-commerce platform with customer and admin features using PHP, HTML, CSS, JavaScript, and MySQL.
- Integrated E-Sewa API for payment processing and implemented email notifications for order updates.
- Enabled bill downloads/printing, product management, and sales data tracking for admins.

[\[Link\]](#) Library Management System

- Developed a system to manage library operations using PHP, HTML, CSS, JavaScript, and MySQL.
- Enabled users to search for books, view details, request reservations, and check borrowing history.
- Designed admin features for managing books, user accounts, and system settings such as loan periods and fines.
