OBJECTIVE

Ambitious Full Stack Developer skilled in front-end and back-end technologies. Eager to create user-centric web applications and bring innovative ideas to a dynamic internship role. Proficient in responsive interfaces and robust server-side development.

EDUCATION

Bachelor of Information Management

Apr 2021 – Present

Prime College, Kathmandu

SKILLS

Technical Skills

-  Front-end: HTML, CSS, Tailwind, JavaScript, React
-  Back-end: PHP, Nodejs, Express
-  Databases: MySQL, MongoDB
-  Others: Java, Python, GSAP, Git, GitHub

PROJECTS

[\[Link\]](#) World Atlas App

- Developed with React, HTML, and CSS, utilizing an API for dynamic data.
- Features include search, filter, and sort for country information.
- Built a responsive, user-friendly interface for smooth interactions.

[\[Link\]](#) Confession Note App

- Developed a Confession Note application using React, HTML, CSS, and Firebase.
- Implemented features to add, delete, and update confessions dynamically.
- Focused on real-time database functionality and a responsive user interface.

[\[Link\]](#) E-commerce Website

- Built with PHP, HTML, CSS, JavaScript, and MySQL.
- Integrated E-Sewa API for payments and email notifications for orders.
- Enabled bill downloads/printing, product management, and sales tracking for admins.

[\[Link\]](#) Library Management System

- Built with PHP, HTML, CSS, JavaScript, and MySQL.
- Users can search for books, view details, request reservations, and check borrowing history.
- Admin features include managing books, user accounts, loan periods, and fines.
